

Hello, and Happy (almost) Summer! Since June is here that means that the school year is almost finished. We at REAPS want to thank everyone who took part in the Adopt-a-Worm Program. We hope you enjoyed taking care of your wiggly friends and learned all about vermicomposting and waste reduction.

Since you will be taking a vacation from school it is time for the worms to take one as well. Soon your worms will be meeting all of the worms from other schools and getting comfortable at the REAPS Compost Demonstration Garden. You are welcome to come and say hello whenever you like and show all your friends and family your worms and teach them a few things too.

## Congratulations
