Hello!

Congratulations to all of the graduates of the Adopt-A-Worm Program!

Everyone at REAPS would like to give a big thank you to all of the classes who participated in the program and took care of our worm friends. All of the worms are being returned to the REAPS garden to meet up with worms from other schools and educate the public on vermicomposting throughout the summer. You can always stop by to visit and show your friends and family all you know about worms! To teachers who are interested in taking part in this program next year, you can register by calling (250) 561-7327 or emailing thewormlady@reaps.org

Goodbye and have a wonderful summer!
