

Twas the winter break, when all through the night, all the creatures were stirring, even the mites.

*wet the bedding a little more than usual.

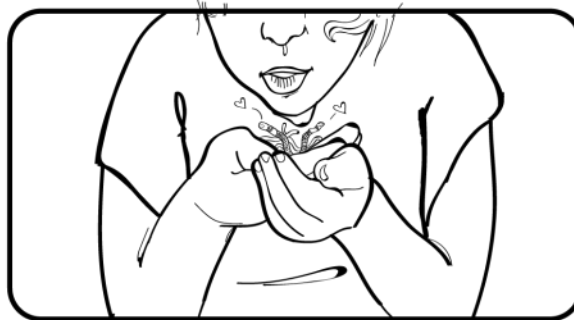

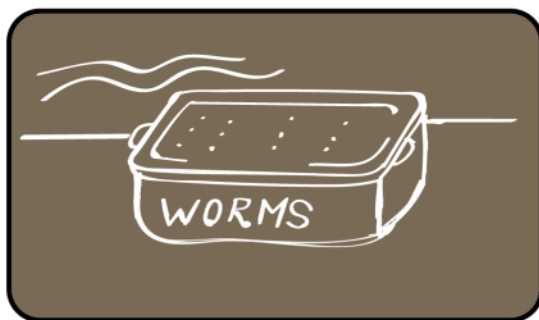

The bedding was fluffed and was watered with care,
In hopes that the worms would have moisture and air.

*Leave enough food for 2 weeks (1 kg).

The wigglers were nestled and snug in their beds,
While visions of melon rinds danced in their heads.

The worm bin was tucked in a space nice and cool, and the worms waited for students to come back to school.

HAPPY HOLIDAYS!

Mr. Wiggles and friends hope your holiday is bright, Merry Christmas to all, and to all a good night!
