T or F
- 10) The scientific name for red worms is *Eisenia fetida*.  
T or F

### Why Do We Use Red Wrigglers?

Red Wrigglers are the best worms to use for vermicomposting because they thrive on organic material. They can eat their own weight in food every three days! Another reason for using red worms is because they tolerate a wide range of environmental conditions and can adapt to a variety of climates.

**Answers:**

1) T, 2) F, 3) F, 4) F, 5) T, 6) F, 7) T, 8) F, 9) T, 10) T

*Worms are more powerful than the African elephant and more important to the economy than the cow.*  
-Charles Darwin

## Worm Joke!

Q: Why are glow worms good to carry in your bag?  
A: They can lighten your load!
