

Happy St Patrick's Day!! Keep your worms looking 'green' this holiday by giving them lettuce, green peppers, cucumber and even green grapes! Worms, like any pet love a treat! You can also eat green to match the worms! Green eggs and ham perhaps? Don't forget to send us your posters for Earth day, due April 13th. Also, we would love to hear your worm jokes, riddles and stories!

Happy

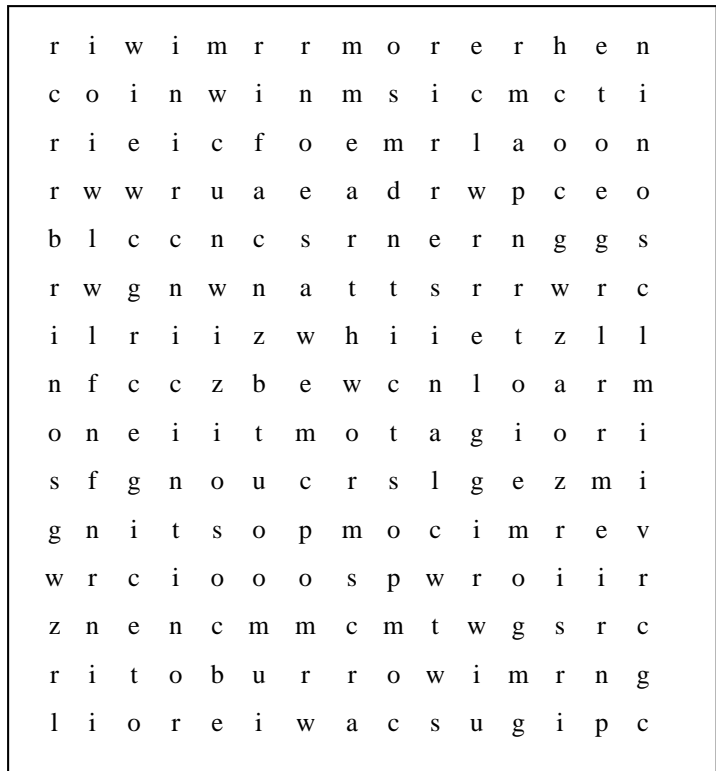

St. Patrick's Day

Saint Patrick's Day is celebrated each year on March 17th. In Ireland, Saint Patrick's Day is both a holy day and a national holiday. Saint Patrick is the patron saint of Ireland as he was the one who brought Christianity to the Irish. Although it began in Ireland, Saint Patrick's Day is celebrated in countries around the world. People with Irish heritage remind themselves of the beautiful green countryside of Ireland by wearing green and taking part in the festivities.
