## Qualities of a Sustainability Leader

*What is sustainable leadership?*

When leaders of a business manage companies with environment, society, and long term sustainable development goals in mind (Meghan Werft).

*The best candidate to appoint as a sustainable leader would have the following key qualities:*

*Why are sustainable leaders needed?*

They focus on a concept called “PPP.” This stands for people, planet and profit. These leaders focus on both short and long term goals while incorporating ideas which surround improving the social and environmental aspects of the world.
