Have you helped the environment today?

## EARTH HOUR

On Saturday, March 19, 2016 at 8:30-9:30 local time, celebrate Earth hour! This year marks the 10th anniversary of the event's beginnings in Sydney, Australia. It's sponsored by the World Wildlife Fund (WWF), and held worldwide.

For one hour every year everyone is encouraged to shut off their lights and electronics. As well, you are encouraged to find other ways to entertain yourself, such as reading a book or playing a board game.

The purpose of Earth Hour is to show our concern for the environment. See if you can think of other activities to show your support for the environment!

Tuesday, March 22, 2016 is World Water Day! This annual event focuses on the importance of freshwater and advocates for the sustainable management of freshwater resources. The theme this year will be "Water for people, Water by people." Remember to celebrate the importance of water in your own life!

## JUNK IN THE TRUNK

Have you been doing some Spring Cleaning? Are you looking for a new treasure? REAPS in Partnership with the Regional District of Fraser-Fort George is happy to present Junk in the Trunk for another year.

On May 7 from 9am to 1pm come down to the CN Center Parking lot for a giant garage sale. If you are wishing to sell please pre-register (the only cost is a \$10 donation) and set up to sell items from the trunk of your car.

If you are searching then drop by anytime and take a look at what people have in their trunks.

## City Wide Spring Clean-up

Want to help clean up the city from all the winter garbage? Well grab a bag and gloves and lets get cleaning!

On April 24 from 10am to 4pm our city will be cleaned. If you are interested in helping give REAPS a call to register. This way we can ensure that the whole city is getting a good clean. We will also be happy to provide bags and gloves to all registered groups, and prizes for both residents and business!
