

Have you helped the environment today?

History

The very first Earth day was celebrated on April 22, 1970. This day was created by American Senator, Gaylord Nelson, to make people aware of the importance of keeping our planet healthy and clean. On that day people made promise to help the environment and make positive changes in their community. Since then, more than 500 million people in over 180 countries have participated in Earth day activities!

Earth Day!

Activities
