Have you helped the environment today?

Fill in the blanks to make a fantastic Mothers' Day story!

Oliver the Worm didn't know what to get his mom for Mothers' Day. He asked his rich friend _____, what he was getting his mom, but a _____ was too expensive for Oliver. So Oliver asked Lucy the Puppy what she was getting for her Mom. "I found a big juicy _____ for my mom" Lucy said, but Oliver knew his mom wouldn't like that. After a few hours of searching without any luck, Oliver sighed and said "_____

_____". Oliver went to the meadow to think. Just then he noticed _____ in the distance. "That's perfect!" shouted Oliver excitedly. He rush home with the new found gift and gave it to his Mom. "Thank you, Oliver, it's _____" said his Mom, and they celebrated a wonderful Mothers' Day together.

Do you want to buy something extra-special for your Mom this Mothers' Day (Sunday May 11th), or have a bigger allowance? You can make money by returning water bottles and pop cans! Any refundable container less than 1 Litre will pay you 5c to return it, and anything over 1 Litre is 20c! Think of how much money you can make when you recycle refundable

containers:

5-2Litre Pop bottles =	\$1.00
+15-250mL Pop cans =	\$0.75
+ 5-250mL Juice boxes =	\$0.25
+10-500mL Water Bottles =	\$0.50
+5-2Litre Milk cartons =	\$1.00
+10-750mL Pop bottles =	<u>\$0.50</u>
	\$3.00

If you return this amount every week, you will earn **\$12 each month**— That's about **\$150 each year!**

Ask your parents to help you recycle your drink containers today!

In partnership with Science World's Scientist and Innovators in the School (SIS) program, REAPS school program is supported by the Program for the Awareness and Learning of Science (BC PALS) thanks to the province of British Columbia through the Ministry of Education.
