

REAPS READER

Have you helped the environment today?

THANK YOU

Congratulations and good work to everyone who took part in our classroom waste reduction challenge last month. We had **5** classes take part to reduce their waste and keep it out of the landfill. Hopefully you all had fun and will keep up removing unnecessary things from our landfills. Sacred Heart School - Mrs. Power's Grade 2/3 class won the \$200 prize.

ROTTEN PUMPKIN SMASH

Looking for a way to get rid of your pumpkins after Halloween? On November 1st from 3 p.m. to 6 p.m. at the Exploration Place the 8th annual Rotten Pumpkin Smash will be taking place. You will have a chance to throw, bowl and smash your pumpkins. Don't forget to compost your own Jack o' Lanterns at home or make some yummy cakes for your orange squash!

Important Dates

- November 1** : Rotten Pumpkin Smash
- November 11**: Remembrance Day
- November 26**: REAPS Recycle Toy Drive

TOY DRIVE

If you were to take a look in your closet or under your bed what would you find? Are there old toys that you have not played with in awhile? If there are now is the time to give them a new home. On November **26th** REAPS will be collecting quality used toys and delivering them to local children agencies who will distribute them during the holiday season. Toys can be dropped off from 10am to 2pm at 1950 Gorse Street, REAPS. We look forward to seeing you then.

In partnership with Science World's Scientist and Innovators in the School (SIS) program, REAPS school program is supported by the Program for the Awareness and Learning of Science (BC PALS) thanks to the province of British Columbia through the Ministry of Education.
